----------------------------	----

It is with regret, that we note a considerable drop in the number of books circulated during the past year. This may be explained by several causes. One is that two of the schools have been supplied with books by the State and again our own library has not been able to buy as many books as usual on account of inadequate funds; or we may be sharing in the effects of those conditions, which have come to the reading public during the depression, causing a large increase in book circulation during its earlier years followed by a general slump, which most libraries are now experiencing.

We are grateful to our friends who have remembered us with gifts of books and magazines and these include Mrs. A. M. Allen, Miss Mary Lee Ware, Mr. W. C. Morgan, Mr. C. W. Fletcher, Mr. Arthur A. Shurcliff and the East Jaffrey library. Of the new books listed as gifts in the above report, fifty comprise a set of the Harvard Classics, known as "Dr. Eliot's five-foot shelf of books," edited by Dr. Charles W. Eliot, former President of Harvard University, and twenty beautifully bound volumes of "Messages and Papers of the Presidents." These two sets were given by Mr. C. W. Fletcher.

The museum in the second story of the library has been a constant source of pleasure and interest to our own people as well as to many visiting friends. The registry book shows a list of 188 visitors during the year, which does not include the repeated visits of those living in town. A recent addition to the museum collection is a fine old field compass, owned and used by Willard C. Brigham. This was loaned by his daughter, Miss Ella Brigham.

The West Rindge Branch Library has been open 101 days during the year. The large circulation of books surely gives evidence to our generous patron, Miss Mary Lee Ware, that the community does appreciate the opportunities of this library. The free exchange of books with the Town Library has proved of advantage to both groups of borrowers, and from the entire Rindge Township. I feel sure there are many citizens who feel we are especially privileged in the possession of two such splendid book collections.

Memorial Day, 1934, made sacred by the memory of the heroic dead, passed with the usual observances, culminating in a delightful meeting, in the church, at 1:30 p. m., presided over, so efficiently, by Mr. Arthur Wellington. An inspiring address was given by Mr. Henry C. Arwe of Keene, the children of the various schools, under the leadership of the teachers, contributed patriotic selections, supplemented by Mrs. Poole of Jaffrey, who recited an impressive selection characterizing our Memorial celebrations.

The graves of our soldier dead were decorated, by the children and the services held at the usual points were of a high order and very enjoyable.

The Rindge Band led the procession, with tasteful and appropriate music, all through the day and played, "The Star Spangled Banner," at the flag salute, on the common.

The cooperation of the children, teachers of the schools, and the citizens in making the Memorial Day celebration a signal success was much appreciated, by the Selectmen of Rindge, and the committee in charge of the celebration. Especially are thanks due to those who have assisted with the decorations, made wreaths, set flags on the graves, the Rindge Band, Mrs. Crosby, who gave

fine violin selections at the service, and Mrs. Hart, who presided at the organ, the Veterans of the various wars, the Sons and Daughters of Veterans, the W. R. C., Legion Auxiliary, the L. V. A. and all others who have helped in the celebrations.

June 1934, the relief administration financed dental corrections for 7 pupils.

The splendid cooperation which we have received from the physicians, hospitals and dentists made it possible to combine the work of the Child Health Recovery Program with the regular school clinic work. The result was less confusion and a saving of time and expense.

A number of home and official visits were made, chiefly follow up work among the school children and their parents and, when necessary, to accompany them to physicians or hospitals for treatment.

Respectfully submitted,

MARGARET E. HARRIS, R. N.

Report of Superintendent of Schools

To the School Board of Rindge:

I submit herewith my seventeenth annual report, it being the thirty first in the series under union supervision.

The rearrangement of the supervisory unions of the state in 1934 brought about the dissolution of the former Jaffrey union No. 28 and placed Troy and Fitzwilliam in the Marlborough union. Three towns were taken from the former Peterborough union No. 47 and the towns of Peterborough, Dublin and Hancock were joined with Jaffrey, Rindge and Sharon to form the new Peterborough-Jaffrey union.

This consolidation has brought no disadvantage to the Rindge schools. The fact that the statistical tables show a total of 77 teacher visits for the first twelve weeks as compared with 66 for the same period last year, indicates that the superior conditions for travel in the new union permit more frequent visits than were possible in the more scattered schools of the former union.

The enrollment of the Rindge schools for the first twelve weeks of the present school year was 97. For the school year 1933-1934 it was 106. Since the Christmas vacation the number has been still further reduced.

Only one change occurred in the teaching force. Miss Martha A. Lord, who taught the East Rindge school for the last two years, resigned to accept another position, and Miss Marion G. Brown of Troy, a graduate of Keene Normal School, 1933 was elected to succeed her.

Mrs. Stebbins is continuing her work as supervisor of music under the same arrangement as last year; teaching one period per week from September to November, and from the last of April until the summer vacation; and one period every other week from November to the April vacation.

Miss Harris has been retained as school nurse, and has carefully looked after the remedial work. In addition to the regular appropriation for the services of a school nurse the Federal allotment of \$60 has been expended under the regulations of the Child Health Recovery Program in cases requiring operations for tonsils, dental work and visual corrections.

The distribution of free milk which was carried on under the direction of the State Board of Education with Federal funds was resumed in November of the present school year, and will be continued until June.

The total for teachers' salaries for the present school year is slightly less than for 1933-1934, due to the change at East Rindge and the small enrollment in that school.

The work of the Rindge schools is being carried on by well trained and conscientious teachers. Like other communities Rindge has its problem pupils, but every effort is being made to help to adjust these pupils to their school life.

The excellent standing of many of the Rindge pupils in the Murdock School in Winchendon and Conant High School in Jaffrey, as well as in post secondary institutions, indicate that pupils from the small school have no difficulty in competing with those from the larger towns and cities.

The matter of school finances is one of interest to every tax payer. I know that the school board has used every effort to keep down unnecessary expenses and at the same time offer suitable instruction, proper equipment and safe transportation for the pupils.

The expense of maintaining four schools for less than one hundred pupils makes the per capita cost larger than it would be under a consolidated school system, but while the schools in East and West Rindge are smaller than in some previous years, the fact that the teachers in these schools have more opportunity for individual work with the primary grades than when the schools were larger, has a certain advantage.

I desire at this time to sincerely thank the school board, teachers, pupils and parents for their help and support in carrying on the work of the Rindge schools.

Very truly yours,

LEWIS S. RECORD
